Flex Ed Schedule

++The American Heart Association strongly promotes knowledge and proficiency in BLS, ACLS and PALS and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent sponsorship by the American Heart Association. Any fees charged for such a course, except for a portion of fees needed for AHA course material, do not represent income to the Association.

ABG - Arterial Blood Gas Interpretation

Learn methods for accurate respiratory system assessment including the interpretation of arterial blood gases. This program will introduce a step-by-step approach for blood gas analysis and recognition of abnormalities. Various treatments and clinical outcomes will be discussed.

Tuition: **\$50.00** Textbook: **\$0.00** Materials: **\$0.00** Card: **\$0.00**

| Start Date | End Date | # of Meetings | Day | Location | Classroom | Start Time | End Time | CEU |
|------------|----------|---------------|-----|----------|---------------------|------------|----------|-----|
| 11-11-2010 | | 1 | Thu | Whittier | Education Classroom | 5:30 PM | 9:30 PM | 4 |
| 11-18-2010 | | 1 | Thu | Olympia | 4 West Lounge | 8:00 AM | 12:00 PM | 4 |

ACLS Prep

The current ACLS Provider and Renewal courses require that participants have a complete understanding of cardiac dysrhythmias and cardiac pharmacology PRIOR to enrolling in an ACLS course. This course will provide an overview of both ECG rhythms as well as medications given during ACLS emergency situations to assist the student in successfully passing ACLS. The ACLS textbook is required for this course and can be purchased the day of the class, at the Flex Ed office, or can be mailed (\$40 text fee plus \$5 for shipping). Additional study materials will be given out at class. This course is not required by the AHA prior to taking ACLS, but is highly recommended for those that are not very familiar with the pre-requisite ECG and pharmacology information.

Tuition: **\$100.00** Textbook: **\$40.00** Materials: **\$0.00** Card: **\$0.00**

| Start Date | End Date | # of Meetings | Day | Location | Classroom | Start Time | End Time | CEU |

ACLS Provider

++ Through the ACLS course, healthcare providers will enhance their skills in the treatment of the adult victim of a cardiac arrest or other cardiopulmonary emergencies. Each participant is evaluated individually on their ability to demonstrate core course knowledge and skills. This course will prepare you to work as a team member and team leader in a code situation. Participants must have the textbook ahead of time and complete the Precourse Preparation Checklist in the Provider Manual. This includes the online self-assessment. Participants who are interested in a review of ECG's and ACLS Pharmacology are strongly encouraged to first attend an ACLS Prep course. Textbooks are available for purchase at the Flex Ed office or can be mailed (\$40 text fee plus \$5 for shipping). The last day of 2-day Providers are scheduled for 7 hours.**

ACLS Renewal

The ACLS Renewal course is designed for participants with a CURRENT ACLS Provider card. Each participant is evaluated individually on his/her ability to demonstrate core course knowledge and skills while acting as a team leader. Significant precourse preparation is essential to course success. Participants must have the textbook ahead of time and complete the Precourse Preparation Checklist in the Provider Manual. This includes the online self-assessment. Appendix A provides an overview of skills testing expectations. Participants who do not practice ACLS skills on a regular basis are encouraged to attend an ACLS Prep course prior Renewal or the full ACLS Provider course. Textbooks are available for purchase at the Flex Ed office or can be mailed (\$40 text fee plus \$5 for shipping). ** You will be required to present your CURRENT ACLS Provider card the day of the course.

| 10-27-2010 | | 1 | Wed | Huntington Beach | Conference Room 3 | 9:00 AM | 3:30 PM | 6 |

Assaultive Behavior Management (AB 508)

This program teaches the healthcare professional techniques to use when dealing with the potentially assaultive client. Participants need to wear comfortable clothes and be able to perform various physical techniques. Techniques will include verbal de-escalation skills as well as hand-on techniques. This meets the state requirements for AB508.

Tuition: **\$60.00** Textbook: **\$0.00** Materials: **\$0.00** Card: **\$0.00**

Basic Telemetry Nursing

This course is a cross training course designed to train the general medical-surgical nurse to the progressive care/ telemetry type of unit. Care of the patient in the ICU step down type of unit will be emphasized. Knowledge of basic dysrhythmia required. At least 6 months of med-surg nursing preferred. Progressive Care Nursing Textbook from AACN is utilized.

Tuition: **\$180.00** Textbook: **\$70.00** Materials: **\$20.00** Card: **\$0.00**

| Start Date | End Date | # of Meetings | Day | Location | Classroom | Start Time | End Time | CEU |

Blood Withdrawal Certification (LVNs, RNs)

State of California (BVN/PT) approved program for LVNs. Theory and clinical components will be completed in the course. Participants must be licensed RN's or LVN's OR RN/LVN students in their final semester. Live sticks and a written exam are required for course completion. BRN credit for RN's is not available since it is not considered an advanced skill. To help facilitate live sticks, please come to the course well hydrated by drinking plenty of water, Gatorade or fruit juice. Caffeine consumption should be minimized the day of the course. Course approved for LVNs through the Board of Vocational Nursing and Psychiatric Technicians, Course B2030. Provides 8 Contact Hours for LVNs Provider Number V-10551).

Tuition: **\$95.00** Textbook: **\$0.00** Materials: **\$25.00** Card: **\$0.00**

Breast Feeding

This course is designed to help OB nurses provide more effective advice and support for the breast feeding mother. Participants will learn how to enhance parent-infant attachment, engender newborn breastfeeding competence and increase patient satisfaction with no increase in staff workload. ***ADDITIONAL REQUIREMENTS: Each class participant should bring a baby doll, a pillow, a blanket, and a hospital gown. These items are used during the class for examples and teaching tools.

Tuition: **\$100.00** Textbook: **\$0.00** Materials: **\$0.00** Card: **\$0.00**

Chemotherapy and Biotherapy - ONS

This course is designed specifically for the Registered Nurse working in Oncology. We will utilize material and curriculum published by the Oncology Nursing Society (ONS) to verify that participants have the didactic knowledge necessary to practice at the bedside with an experienced chemo RN. Individual facilities are responsible for validating chemo administration competency. Topics covered will include the pathophysiology of cancer, diagnosis, legal & ethical issues and patient teaching. Significant course time will also be spent on common chemotherapeutic agents, administration of chemotherapy and biotherapy, the effect of chemo on body systems and safety measures. Upon completion, participants will receive an ONS Chemotherapy Provider Card valid for 2 years. Other licensed participants including LVNs, Pharmacists and Respiratory Therapists are welcome to attend for information, but are not eligible to receive continuing education units or the Provider Card. Note: All students must complete the course evaluation through ONS to receive card after successfully completing course. Please visit [Http://evaluationcenter.ons.org](http://evaluationcenter.ons.org) to obtain your CNE certificate.

CNA Series Essentials of Communication*

NO RN or LVN Credit Available. This class is specifically intended for the Certified Nurse Aide (CNA), the Certified Home Health Aide (CHHA), or the Restorative Nurse Aide (RNA) in compliance with Title 22 and certification board continuing education requirements. "Essentials of Communication in the Care of the Patient with Alzheimers and Dementia." This class reviews basics of communication and interpersonal relationships necessary to provide a therapeutic environment. There is a specific section on care of the patient with dementia and/or Alzheimer's disease. Strategies and interventions used to handle problems in this patient population will be discussed and practiced. This class mentions assaultive behavior techniques, but is not a replacement for the full class. (NOTE: This class does not take the place of the full Assaultive Behavior Management Course. This class only reviews the specific techniques as it pertains to the elderly. Participants are encouraged to take the full Assaultive Behavior Management Course offered through Flex Ed for complete information on de-escalation and take-down techniques.)

Critical Care Nursing

This class follows the content and curriculum outlined by the American Association of Critical Care Nurses and is designed to provide a knowledge base for the experienced nurse to enter the practice of Critical Care Nursing. Case studies will be used to identify clinical issues and develop critical thinking skills. This program requires homework. Participation in all course dates and a score of 80% on the final exam are required for course completion.

IV Therapy Certification

The Intravenous Therapy Certification Course is approved by the State of California (BVN/PT) for LVN's. Concepts and competencies reviewed include related anatomy and physiology, access devices, drip calculations, blood product administration, TPN and trouble shooting techniques. Participants must be licensed RN's or LVN's OR RN/LVN students in their final semester. Live sticks and a written exam are required for course completion. RN's may attend the course, however, BRN continuing education is not available because it is not considered an advanced skill. Blood Withdrawal Certification for LVN's is a separate, 8-hour course. To help facilitate live sticks, please come to the course well hydrated by drinking plenty of water, Gatorade or fruit juice. Caffeine consumption should be minimized the day of the course. Course approved for LVNs through the Board of Vocational Nursing and Psychiatric Technicians, Course ID I-1820. Provides 30 Contact hours for LVNs only (Provider Number V-10551)

PALS Renewal

The PALS Renewal course is designed for participants with a CURRENT PALS Provider card. Each participant is evaluated individually on his/her ability to demonstrate core course knowledge and skills while acting as a team leader. Significant precourse preparation is essential to course success. Participants must have the textbook ahead of time and complete the Precourse Preparation Checklist in the Provider Manual. This includes the online self-assessment. Participants who do not practice PALS skills on a regular basis are encouraged to attend a full PALS Provider course. Textbooks are available for purchase at the Flex Ed office or can be mailed (\$45 text fee plus \$5 for shipping). ** You will be required to present your CURRENT PALS Provider card the day of the course.

S.T.A.B.L.E

S.T.A.B.L.E. targets the post-resuscitation care of ill neonates and is therefore considered by many experts to be the follow-up, complementary program to the American Academy of Pediatrics Neonatal Resuscitation Program (NRP). S.T.A.B.L.E. serves as a concise educational tool to organize the myriad of details necessary to stabilize and care for sick infants. S.T.A.B.L.E. stands for Sugar, Temperature, Airway, Blood Pressure, Labwork, and Emotional support-all necessary components of stabilizing ill infants.
